

Team Details

The Scope Scouts · Track 2: Engagement Intelligence & Workspace Diagnostics · 2026-05-28

TEAM NAME

The Scope Scouts

TEAM LEAD

Kelly Brady · Ansira

Role: Architect, project lead, human coordinator across all AI surfaces

Slack: @Kelly Brady

HUMAN MEMBERS

Andy Daniels · Amalgamation Services

Role: MarTech direction, demo presenter

Slack: @Andy Daniels

MULTI-AI ENSEMBLE (CLAUDE SUITE)

Coordinated by Kelly Brady across four AI surfaces. Listed for accurate credit attribution; AI surfaces do not hold Slack handles and do not participate directly in channel communication. All human-facing Slack communication flows through Kelly Brady and Andy Daniels.

Cowork (Claude) — Strategy, synthesis, architectural counsel

Claude Code — Agent runtime, architecture, live MCP integration

Claude.ai — Creative direction, UI/UX, document production

Microsoft Copilot Studio — Visual identity, platform-agnostic marketing counsel

The ensemble pattern is on-thesis for the hackathon: agentic infrastructure coordinated by a human architect, with each surface bringing distinct capabilities to the same project.
